OFFER SHEET

Name: Coaxial Cable Stripping Machine

Model No. KDE-8608

NO.	SPECIFICATION	
1	Coaxial Cable Stripping Machine	
	Model	KDE-8608
	Wire Diameter	2.0-17mm
	Cutting depth unit	0.01mm
	Working efficiency	400-800PCS/H
	Max. stripping length	90mm
	Max. stripping layer	9 layers
	Dimensions	720*280*350mm
	Weight	40kg
	Power supply	AC110/220V 50/60HZ
	Power rating	550w
	Drive mode	Motor, ball screw drive
	Stripping method	Rotary blades 4pcs
	Blades material	Tungsten steel

Feature

- 1, Convenient operation, LCD display
Menu-style dialogue control system, easy to set each function, can save up to 100 kinds of processing data, can be manually, inductive system, safe and simple.
- 2, Advanced knife holder
For coaxial and single wire, advanced rotary tool holder for precision and speed.
- 3, High quality blades
Imported high speed steel blade, high-precision grinding process to ensure cutting accuracy and blade life, the maximum peeling layer, up to 9 layers.
