

K.D.ENGINEERS INDIA PVT LTD.

Plot No. 56A ,Khasra Mustil No.112, Gali No. 6 Krishna Colony Industrial Area,

Sector -25, Faridabad - 121004

Mobile/Whatsapp: +91- 9953336623 ,+91- 8447878472 , +91-9811109394 , E mail: info@kdengineers.in , sales1@kdengineers.in, sales@kdengineers.in

NO.	Specification		
1	KDE-20TS Servo Large Terminal Crimping Machine -	Technical Parameters	
	Parameter	Value	
	Wire range	10-120mm²	
	Crimping force	200KN	
	Crimping width	≤15mm	
	Stroke	48mm	
	Motor	4500w	
	Power	220V 50/60Hz	
	Weight	585kgs	
	Dimension	700*880*1340mm	
Feature Category	Description		
Adaptability	Supports interchangeable applicators to handle a variety of different products.		
Control System	Operates using an advanced PLC and servo motor configuration for precise control.		
Quality Assurance	Integrated force monitoring automatically triggers an alarm and halts the machine if the crimping force falls outside set parameters.		
Data Management	Equipped with an industrial computer that allows operators to store, track, and review operational data.		
Sequential Operations	Saves multiple sets of parameters to enable continuous, step-by-step sequential crimping.		
Reliability & Safety	Delivers stable, high-force crimping with built-in overload protection.		
Durability	Uses long-lasting applicators manufactured from high-quality imported steel.		
System Integration	Compatible with OES pressure management and can connect to an MES (Note: requires manual data uploads to servers).		

Related Automatic Wire Harness Processing Machine, pls contact us for further information.
