

K.D.ENGINEERS INDIA PVT LTD.

Plot No. 56A ,Khasra Mustil No.112, Gali No. 6 Krishna Colony Industrial Area,

Sector -25, Faridabad - 121004

Mobile/Whatsapp: +91- 9953336623 ,+91- 8447878472 , +91-9811109394 , E mail: info@kdengineers.in , sales1@kdengineers.in, sales@kdengineers.in

NO.	Specification		
1	KDE-9A Ultrasonic Welding Machine		Technical Parameters
	Parameter	Value	
	Use function	Wire harness welding	
	Use wire	Copper wire	
	Weldability	0.5-25mm² / 50mm²	
	Working pressure	0.1-0.6Mpa	
	Power	AC220V 60Hz	
	Air source	Clean dry compressed air	
	Maximum power	4000w/6000w	
	Dimension	800*500*1100mm	
	Weight	100KG	
Feature Category	Description		
Primary Application	Specialized equipment for copper wire docking or parallel pressure, developed by integrating acoustics, mechanics, and polymer technology.		
System Components	Equipped with domestically made acoustic components that ensure reliable and stable performance.		
Process Advantages	Replaces traditional cold-pressed terminal crimping and tinning with direct raw material stripping welding.		
Safety & Environment	Produces no waste or harmful gas precipitation during operation. The welding wire resistance is close to zero Ω, which significantly reduces safety hazards caused by heating.		
Interface & Control	Features a 10-inch touch screen human-machine interface designed for simple and intelligent operation. Operators can store formula parameters and switch between them at will to accommodate different products.		
Efficiency	Allows for fast and effective changeovers without the need for tools, improving processing speed and accuracy.		
Design Structure	Utilizes a compact, modular design that saves floor space and includes a built-in processing module for enhanced safety.
